

Closing Q2, Welcome Q3

In this edition, we will share events the events that we are looking forward to and recap a few of the best moments in June. One of the best was being the only all female team, who also won 1st place at the Malbon x 300 Entertainment Golf Outing at Alpine Country Club!

From the Bronx Chamber of Commerce's Golf Outing at Bally's Golf Links at Ferry Point, to the 4th Annual Energy Summit hosted by Brooklyn Chamber of Commerce, we worked as hard as we played. One great moment was connecting with EC Energy sales representative because of the golf and Bronx Chamber of Commerce. Over the past few months, we have committed to upskilling leaders to transition into new roles AND industries, our specialty is Energy and Tech.

UPCOMING EVENTS

Any Given Monday - We Are Back

Join LJ on LinkedIn Live, on Monday, July 15th, at 10AM. As a coach, my services help professionals master the transferrable skills and tools needed to move into a new role, industry or access new networks. One of my favorite tools is golf. June Recap

#ShesGotNext at Malbon x 300 Ent Golf Outing

Kevin Liles and Stephen Malbon partnered on this golf outing to protect black artistry in music. We are proud to have represented women in golf with style and grace. "With 300 Entertainment and Malbon giving voice to concerns that affect artists around the country and doing so in style, they're helping to push the cultural conversation forward and create tangible change. By uniting hip-hop royalty and the innovative minds behind Malbon, both brands stand to amplify key voices and leverage their shared audience to raise awareness for an important cause and come together to help shape the future." COMING IN 2025:

Social Impact x Tech Miami

Join us for an intimate salon-style event in Miami in April 7-9, 2025, bringing together women and BIPOC communities to understand the economic impact and next steps to thrive in the Green Economy also known as Sustainable Energy.

We have seen enough to know this conversation is already happening, are you informed and participating? Through engaging panel discussions, interactive workshops, and networking sessions, participants will understand their individual and collective role in the well-funded and ever-present energy sector. As society evolves, more energy is needed.
